Google Searches Can Help Us Find Emerging Covid-19 Outbreaks
9K · New York Times · Artificial Intelligence / 1d
They can also reveal symptoms that at first went undetected. I may have found a new one.

'Magic toilet' could monitor users' health, say researchers
1K · The Guardian · Artificial intelligence / 1d
System of sensors and cameras would turn loo into 'daily clinic' and detect problems early A smart toilet boasting pressure sensors, artificial intelligence and a camera has been unveiled by researchers

'The problem of gendered language is universal' - how AI reveals media bias
100+ · The Guardian · Artificial intelligence / 5d
New technology is helping expose the depth and breadth of biased language at a processing rate previously impossible for humans If, during an election campaign, you heard one candidate described as

There Is a Racial Divide in Speech-Recognition Systems, Researchers Say
2K · New York Times · Artificial Intelligence / 15d
Technology from Amazon, Apple, Google, IBM and Microsoft misidentified 35 percent of words from people who were black. White people fared much better.
